## LIVE ALPINE SKIING: WOMEN'S WORLD CUP EUROSPORT 10.30AM

We land in St Moritz today for the latest round in the women's World Cup. The Austrians have dominated the slopes in the absence of Germany's Katja Seizinger. Alexandra Meissnitzer won the overall, super-G and giant slalom World Cup as well as the super-G and giant slalom World Champion titles and is still top of the pile, with Germans Hilde Gerg and Martina Ertl (pictured) as her nearest challengers. Britain's hopes lie with Emma Carrick-Anderson.

## Alan Coxon's Spiced Festive Pudding with Orange and Rum Butter

**S**HOULD you not be into the heaviness of a traditional Christmas pudding but enjoy the flavours, then here is my answer – easy to prepare and oozing with Christmas aromas. You can make them well in advance, freeze them down and reheat them from frozen.

### Orange and Rum Butter Ingredients

(makes six puddings)

125g (4oz) unsalted butter  
125g (4oz) light soft brown muscovado sugar  
90ml (6 tbsps) dark rum  
1/4 tsp allspice  
Zest of 2 oranges  
Juice of 1 orange

### Method

1. Place butter in a bowl and beat until soft.
2. Add the sugar and allspice to the butter, beating well until light and fluffy.
3. Beat in the rum a little at a time until well incorporated. Now add the zest and the juice of the oranges. Whisk until incorporated.
4. Chill down for 20-30 minutes, then either,
  - a) Place into a serving bowl or,
  - b) Place into a star tube-piping bag and pipe out butter rosettes onto non-stick paper and place in the refrigerator.

### Pudding Ingredients

150g (5oz) unsalted butter  
175g (6oz) caster sugar  
1/4 tsp ground cinnamon  
1/4 tsp ground nutmeg  
1/4 tsp ground cloves  
15g (1/2 oz) cocoa powder  
1/2 tbsps self-raising flour

75g (3oz) ground almonds  
5 eggs (fresh and separated)  
100g (4oz) soft breadcrumbs (white or brown)  
100g (4oz) crumbled ginger biscuits (ginger nuts)  
90 ml (3fl oz) robust red wine  
1 tbsps rum

50g (2oz) chopped mixed peel (optional)  
Butter for greasing moulds and sugar for dusting

### Method

1. Place the breadcrumbs, biscuit crumbs, mixed peel, wine and rum in a bowl, and soak. Keep aside.
2. Beat the butter and 50g (2oz) only of the caster sugar until light and fluffy.
3. Sieve together the spices, cocoa powder and flour and fold into the creamed butter mix.
4. Now stir in the almonds and the egg yolks.
5. Beat the egg whites to a firm peak with the remaining sugar (as for making meringue) and fold into the mixture.
6. Finally fold the soaked breadcrumb mix into the mixture.
7. Butter small individual pudding moulds (100ml/4fl oz size) and dust them with sugar.
8. Fill the moulds with the mixture and place into a double boiler (water bath) – this can be achieved by placing water into a roasting tray and standing the pudding mould within so the water comes just up to halfway.
9. Bake in a pre-heated oven at 180°C/gas mark 4 for 25-30 minutes.
10. Serve with a mulled wine sauce and crème fraîche lightly dusted with cinnamon.

## LIVE FA PREMIER LEAGUE: CHELSEA V LEEDS UNITED SKY SPORTS 1 3.00PM

This game has all the hallmarks of a crucial top-of-the-table six-pointer - Chelsea at home to Leeds United. If Gianluca Vialli's team, including Graham Le Saux (pictured, left), can focus then the Yorkshire men could suffer. Whatever happens, the youthful vigour of Harry Kewell (pictured, right) and Alan Smith will make Leeds a tough proposition.

## Believing the unbelievable

**B**E CAREFUL what you wish for – you might just get it! That's the basis of the new update of the classic Eighties series *Fantasy Island* (Sci-Fi, Fridays, Sundays).

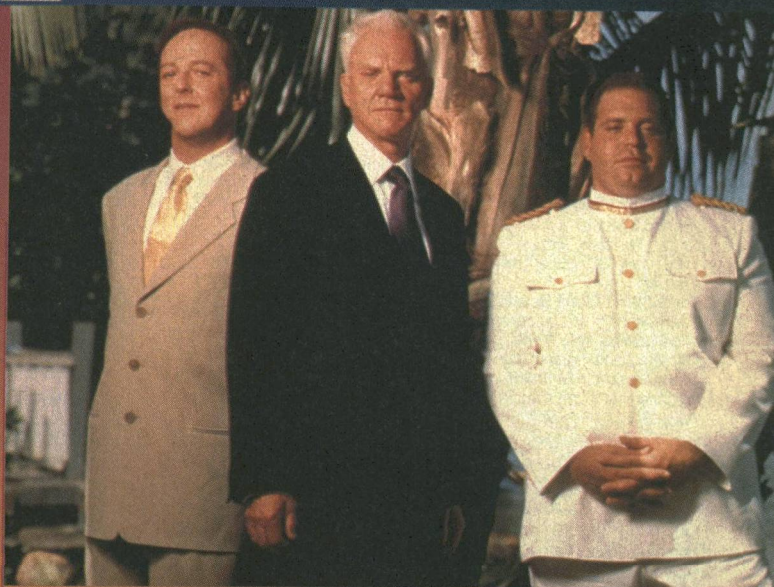

Gone are the cries of 'The planet! The planet!' from diminutive actor Herve Villechaize, who played Tattoo. Gone too is the trademark white suit of mysterious Mr Roarke, now played by soberly attired Malcolm McDowell.

Roarke welcomes each new group of visitors to his idyllic island, where he changes his guests' lives as he fulfils their lifelong dreams: some romantic, others dangerous, but all compelling. With his philosophical air and droll

sense of humour, our host guides his guests through provocative adventures, but every one has its price.

Each episode begins in a dusty travel agency run by Fisher, played by veteran Fyvush Finkel. Guest stars stumble upon the agency and are cajoled into taking a vacation to you-know-where. And Fisher has a magical ability to define each person's deepest thoughts and wishes, which are duly transcribed by his surly secretary, Clia (Sylvia Sidney), and promptly sent to holiday HQ.

Roarke's new fantasy facilitators are the brutish but obedient Cal (Louis Lombardi) and flighty but hyperefficient Harry (Edward Hibbert). In the

Suit you, sir! Edward Hibbert, Malcolm McDowell and Louis Lombardi

pilot episode, the devilish duo are somewhat taken aback to learn that Roarke has hired another assistant, the ethereal Ariel – a spirit who can conveniently shapeshift into another person or living thing in order to implement a guest's fantasy, while providing a

fascinating and sexy counterpoint to Roarke.

Between them they make each visitor to *Fantasy Island* believe the unbelievable – and, courtesy of producer Barry Sonnenfeld's experience with fantasy movies (such as *Men in Black*), so will you!

### TIME MACHINE

## R O B O C O P

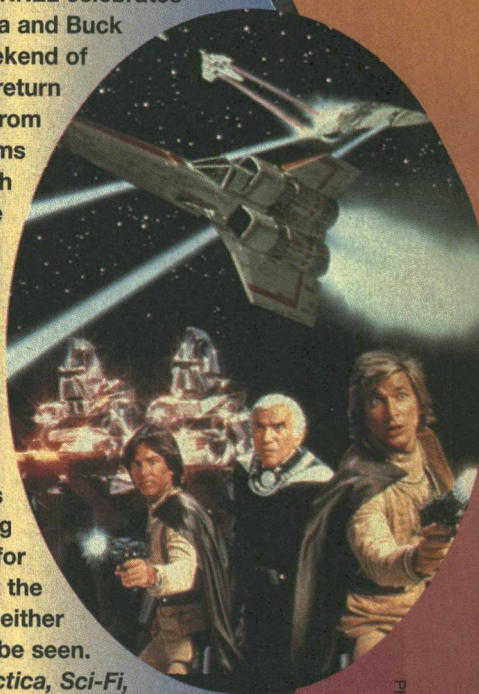

SOME IDEAS simply won't lie down and die – rather like Officer Alex Murphy, the Delta City law enforcer reincarnated as RoboCop when his body is rebuilt using robot implants after a life-threatening injury. Based on the series of violent feature films which began in 1987, the television incarnation of RoboCop survived 20 weeks on American television before its comic-strip vision of the bleak future of policing in 2005 came to an end. Saddling *RoboCop* with a cute young sidekick and a ghostly secretary (who can only inhabit cyberspace), while making his nemesis a disfigured psychopath didn't help, and the softening of the violence took what little tone was left of the films away. The result was rather like RoboCop himself – a hybrid of different elements that don't run smoothly all the time! *RoboCop*, Sci-Fi, Saturdays

## FUTURE WATCH

AS SCI-FI CHANNEL celebrates *Battlestar Galactica* and *Buck Rogers over the weekend of 11-12 December*, the return of the rag-tag fleet from the 12 Colonies seems

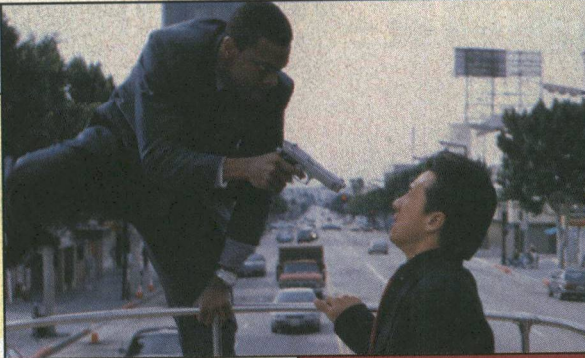

more likely than ever, with two film versions of the *Galactica's* adventures in pre-production. Creator Glen A Larson is working with Wing Commander's Tod Moyer to bring back the crew of the *Battlestar Pegasus*, while the original Captain Apollo, Richard Hatch, has prepared a trailer outlining his own proposed plans for the *Galactica*. What the future holds for either project remains to be seen.

*Battlestar Galactica*, Sci-Fi, Mondays, Wednesdays, Fridays.  
*Buck Rogers in the 25th Century*, Sci-Fi, Tuesdays, Thursdays, Sundays

His 21-straight wins are now a memory from the early part of his career. His three defeats since then have stopped his progress and Ayers needs a convincing win over Tony 'Slick' Miller to make his IBO title meaningful. His relocation to Belfast seems to have helped and the one-time golden boy should thrive on the attention of the cameras.</p>  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                             | <p><b>PLAYBOY TV/ ADULT CHANNEL</b><br/>ADD-ON CHANNEL</p> <p>10.00pm Freeview 10.05<br/>FILM: Other Men's Wives<br/>10.40 Sex Court<br/>12midnight Freeview<br/>12.10am Adult Feature<br/>12.20 Premier Strip 12.35<br/>FILM: Adult Feature 1.45<br/>Totty Try-Outs 2.00 FILM: Rocki's Hardbodies 3.10<br/>Dark and Delicious 3.25-4.00am Electric Blue 47</p> <p>Adult Nightview is now available as a TV on-demand service between 10.00pm and 4.00am at £3.95. # Does **SLENDERTONE** really work?

## Hundreds of users say YES!

**GREAT CHRISTMAS  
GIFT IDEA**

**"See for yourself"**  
says Anita Harris

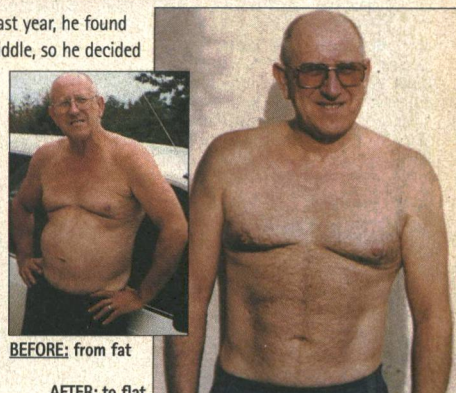

"It's the question I'm always asked and the answer is YES - Slendertone is the effortless way to get the body of your dreams! With **Slendertone Body** you'll really start to see a flatter tummy and more shapely bottom in as little as 3 weeks - especially when combined with a healthy diet and some exercise."

"It uses Electronic Muscle Stimulation (EMS) which is a technique which has been developed for over 30 years by Bio Medical Research, the manufacturers of Slendertone. Try this safe\* and portable body beautifier, and see for yourself!"

**Gerald Griffiths shapes up with Slendertone**

When Gerald Griffiths turned 56 last year, he found himself beginning to sag in the middle, so he decided to rectify the problem - with a little help from Slendertone. Gerald, from Gloucestershire, stunned his friends and delighted his wife with his newly-acquired six-pack.

"I've never had such definition on my abdomen before", says Gerald. "It's fantastic... within a month I saw my shape change completely. I've never looked as good as this."

## WHAT THE PAPERS SAY...

**Our man who tested it  
reckoned it worked.**  
DAILY STAR

Kevin, 38, a self confessed couch potato who loves junk food and beer tested Slendertone Body Profile Sport for the *News of the World*. "The machine sounded too good to be true," says Kevin. "...three weeks later, there's definitely a slight six pack when I tense my stomach. I'm well pleased with the results".  
NEWS OF THE WORLD

"...The sensation's not unpleasant and you can even do the ironing or walk around the house while it does its bizz. After a month, I was definitely more toned..."

Meredith Berry,  
ELLE magazine

"I have suffered from ME for several years... I miss the exercise I used to take, and became concerned about my evident loss of muscle tone... I found that using Slendertone every day on my abdomen, my muscle tone improved after about 3 weeks and my waist firmed up. It is very enjoyable to use, soothing and relaxing and by contracting the muscles it must improve my circulation as well".  
Susannah Greene

"I wanted something to strengthen my stomach for extra training. I've used other exercisers but nothing really worked for me until I tried Slendertone. It really is the best".

Charlie Fagbuyi, 25,  
Tennis Coach

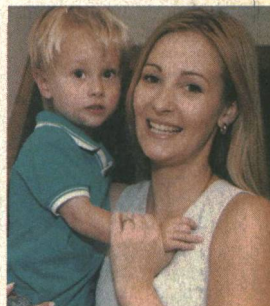

"...After a hysterectomy operation earlier this year, I thought that I would never get rid of the protruding tummy that I was left with... I would certainly recommend Slendertone to anyone..."

Christine Camenzuli,

## Back in shape after my baby

After the birth of her son, 26 year old Clare Barr from Haddenham, Bucks was soon back in her size 10 jeans. But she hadn't bargained for being so out of condition with no time to get to the gym - so she turned to Slendertone.

"I noticed a difference after two weeks," says Clare. "After a month my stomach was flatter and I had my waist back. It was as if I had been doing 50 sit-ups a night - without leaving my chair."

## ...and the medical profession

Researchers at the University of Birmingham undertook a four week study of a group using EMS machines. The results show that EMS can be just as effective as sit-ups in tightening and toning abdominal muscles. "There was clearly a beneficial effect," says Dr Martin Lakie, who found "a definite change in muscle tone."

It's the changing of the guard in the league this year with the Knights being tipped for the top while Ayr are taking the role as fallen favourites. The Scots have been struggling near the bottom of the eight team league, but this trip to the London Arena (pictured) could shake them out of their poor form.</p>  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                             | <p><b>PLAYBOY TV/ ADULT CHANNEL</b><br/>ADD-ON CHANNEL</p> <p>10.00pm Freeview 10.05 Passion Cove 10.45 Sex Guides 11.40 Sex Court 12midnight Freeview 12.10am Sunday Sport Stunners 12.25 Presenters Passions 12.55 FILM: Hotel Pleasure 7 2.10 Biker Annie 2.40-4.00am<br/>FILM: Corporate Affairs</p> <p>Adult Nightview is now available as a TV on-demand service between 10.00pm and 4.00am at £3.95.
